JULY 29-31

MOTION is not just a conference; it's never been about lights, bands, or speakers. It's always been about one thing: a generation of young people, empowered by Jesus, putting their faith into MOTION every day.

Motion Conference is a gathering of students from across the country that gather in main sessions and community groups throughout the day. The main sessions are meant to engage in worship, and hear a powerful message from different speakers, and artists. Some of these artists include Kari Jobe, Cody Carnes, Highlands Worship, and Crowder. The community groups help to connect and engage students in life-giving relationships, and lead them to dig deeper into the truths that are shared during main sessions.
